Leadership Council

Planscape Archineer

Norman Cox, PLA, ASLA

President - The Greenway Collaborative

Norm is a licensed landscape architect, but he calls himself a "Plan-scape Arch-ineer". His adopted moniker speaks to the way he approaches design. The solutions to great streets lie where the fields of planning, landscape architecture, architecture and engineering overlap. He believes his job is to design, plan and program for people first.

Norm is recognized as a pioneer and a knowledge leader who is able to transition from a regional plan to designing the details of an intersection. He is also commutes year-round using his bike and his feet observing how people interact. For he feels that even the best guidelines are useless unless you fully understand how people will actually use them.
